

Chicago, IL — November 20, 2023 — GE Healthcare announced today that it was recognized in the annual 'Best of What's New' awards by Popular Science Magazine. The award highlights GE Healthcare's AIR Recon DL technology and the benefits it brings to the healthcare industry.

This award is a testament to the work of GE's AIR Recon DL and DL experts. Research at GE Healthcare's AIR Recon DL was developed with the patient and patient's care in mind. Many thanks to our team of AI, software and hardware engineers, data scientists, and clinicians who have made this technology possible. The award is a testament to the work of GE's AIR Recon DL and DL experts. Research at GE Healthcare's AIR Recon DL was developed with the patient and patient's care in mind.
