Where, in any forward-looking statement, an expectation or belief as to future results or events is expressed, such expectation or belief is based on the current plans and expectations of our management and expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the expectation or belief will result or be achieved or accomplished. Any forward-looking statement speaks only as of the date on which it is made. Factors that could cause our actual results to differ materially from those described in our forward-looking statements include, but are not limited to:

- the impact of potential information technology, cybersecurity, or data security breaches;

---

## Table of Contents

- compliance with the various legal, regulatory, tax, privacy, and other laws to which we are subject, such as the Foreign Corrupt Practices Act and similar anti-corruption and anti-bribery laws globally, and related changes, claims, inquiries, investigations, or actions;

The Company will not receive any proceeds from the shares of our common stock offered under the GE HealthCare Mirror LTIPs.

## DESCRIPTION OF OUR CAPITAL STOCK

*The following is a summary of the material terms of our capital stock contained in our certificate of incorporation and bylaws. The summaries and descriptions below do not purport to be complete statements of the relevant provisions of our certificate of incorporation or our bylaws. The summary is qualified in its entirety by reference to such documents, which you must read (along with the applicable provisions of Delaware law) for complete information on our capital stock. Our certificate of incorporation and bylaws are included as exhibits to the registration statement of which this prospectus forms a part.*

### General

Pursuant to our certificate of incorporation, our authorized capital stock consists of 1,000,000,000 shares of common stock, par value \$0.01 per share, and 100,000,000 shares of preferred stock, par value \$0.01 per share. The Board may establish the rights and preferences of the preferred stock from time to time. As of January 30, 2024, we had 455,357,229 shares of our common stock issued and outstanding and no shares of preferred stock issued and outstanding.

### Common Stock

#### *Dividends*

Holders of shares of our common stock are entitled to receive dividends when, as and if declared by the Board at its discretion out of funds legally available for that purpose, subject to the preferential rights of any preferred stock that may be outstanding. The timing, declaration, amount, and payment of future dividends will depend on our financial condition, earnings, capital requirements, and debt service obligations, as well as legal requirements, regulatory constraints, industry practice, and other factors that the Board deems relevant. Additionally, the terms of the indebtedness we incurred in connection with the Spin-Off limit our ability to pay cash dividends. The Board will make all decisions regarding our payment of dividends from time to time in accordance with applicable law.

#### *Voting Rights*

The holders of our common stock are entitled to one vote for each share held of record on all matters submitted to a vote of the stockholders. The holders of our common stock do not have cumulative voting rights.

#### *Other Rights*

Subject to the preferential liquidation rights of any preferred stock that may be outstanding, upon our liquidation, dissolution, or winding-up, the holders of our common stock are entitled to share ratably in our assets legally available for distribution to our stockholders.

#### *Fully Paid*

The issued and outstanding shares of our common stock are fully paid and non-assessable. Any additional shares of common stock that we may issue in the future will also be fully paid and non-assessable. The holders of our common stock will not have preemptive rights or preferential rights to subscribe for shares of our capital stock.

### Preferred Stock

Our certificate of incorporation authorizes the Board to designate and issue from time to time one or more series of preferred stock without stockholder approval. The Board may fix and determine the designations, powers, preferences and relative, participating, optional, or other rights of each series of preferred stock. There are no present plans to issue any shares of preferred stock.

## Certain Provisions of Delaware Law, Our Certificate of Incorporation, and Our Bylaws

### *Certificate of Incorporation and Bylaws*

Certain provisions in our certificate of incorporation and our bylaws summarized below may be deemed to have an anti-takeover effect and may delay, deter, or prevent a tender offer or takeover attempt that a stockholder might consider to be in its best interests, including attempts that might result in a premium being paid over the market price for the shares held by stockholders. These provisions are intended to enhance the likelihood of continuity and stability in the composition of the Board and in the policies formulated by the Board and to discourage certain types of transactions that may involve an actual or threatened change of control.

- *Vacancies.* Our certificate of incorporation provides that any vacancies created on the Board resulting from any increase in the authorized number of directors and any vacancies in the Board resulting from death, retirement, disqualification, resignation, removal from office, or other cause will be filled solely by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum, or by the sole remaining director. Any director elected to fill a vacancy on the Board will hold office for a term expiring at the next annual meeting of stockholders and until his or her successor is duly elected and qualified.
- *Blank Check Preferred Stock.* Our certificate of incorporation authorizes the Board to issue, without any further vote or action by the stockholders, up to 100,000,000 shares of preferred stock from time to time in one or more series and, with respect to each such series, to fix the number of shares constituting the series and the designations, powers (including voting powers), preferences, and relative participating, optional, or other rights, if any, and any qualifications, limitations, or restrictions, if any, of the shares of such series. The ability to issue such preferred stock could discourage potential acquisition proposals and could delay or prevent a change in control.
- *No Stockholder Action by Written Consent.* Our certificate of incorporation expressly excludes the right of our stockholders to act by written consent. Stockholder action must take place at an annual meeting or at a special meeting of our stockholders.
- *Special Stockholder Meetings.* Our bylaws provide that the Board or a stockholder of record who is acting on behalf of one or more beneficial owners who collectively hold at least 25% of our outstanding shares is able to call a special meeting of stockholders.
- *Requirements for Advance Notification of Stockholder Nominations and Proposals.* Under our bylaws, stockholders of record are able to nominate persons for election to the Board or bring other business constituting a proper matter for stockholder action only by providing proper notice to our secretary. In the case of annual meetings, proper notice must be given between 90 and 120 days prior to the first anniversary of the prior year's annual meeting; however, if (A) the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the prior year's annual meeting, (B) no annual meeting was held during the prior year, or (C) with respect to the first annual meeting after the Spin-Off, the notice by the stockholder to be timely must be received (1) no earlier than 120 days before such annual meeting and (2) no later than the later of 90 days before such annual meeting and the tenth day after the earlier of the day on which the notice of such annual meeting was first made by mail or public disclosure. In the case of special meetings, proper notice must be given no earlier than 120 days prior to the relevant meeting and no later than the later of 90 days prior to such meeting and the tenth day after the earlier of the day on which the notice of such annual meeting was first made by mail or public disclosure. Such notice must include information specified in the bylaws with respect to each stockholder nominating persons for election to the Board or proposing other business and certain related persons, information with respect to such person's nominees to the Board (if applicable), and certain representations and undertaking relating to the nomination or proposal, in each case as specified in our bylaws.

## Table of Contents

- *Proxy Access.* Our bylaws allow one or more stockholders (up to 20, collectively), owning at least 3% of our outstanding shares continuously for at least three years, to nominate for election to the Board and to be included in our proxy materials up to the greater of two individuals or 20% of the Board, only by sending proper notice to our secretary.
- *Cumulative Voting.* Delaware General Corporation Law (the “DGCL”) provides that stockholders are denied the right to cumulate votes in the election of directors unless a company’s certificate of incorporation provides otherwise. Our certificate of incorporation does not provide for cumulative voting.
- *Amendments to Certificate of Incorporation and Bylaws.* The DGCL provides that the affirmative vote of holders of a majority of a company’s voting stock then outstanding is required to amend a corporation’s certificate of incorporation, unless the certificate of incorporation specifies a higher threshold. Our certificate of incorporation does not provide for a higher threshold. The DGCL also provides that a board of directors may be granted authority to amend a corporation’s bylaws if so stated in the corporation’s certificate of incorporation, and our certificate of incorporation provides that the Board may amend our bylaws. Under the DGCL, stockholders also have the power to amend bylaws, and our bylaws provide that they may be amended by the affirmative vote of a majority of the voting power of shares of stock present in person or represented by proxy and entitled to vote thereon.

### ***Delaware Takeover Statute***

We are subject to Section 203 of the DGCL, which, subject to certain exceptions, prohibits a Delaware corporation from engaging in any business combination with any interested stockholder for a period of three years following the date that such stockholder became an interested stockholder.

### ***Limitation on Liability of Directors and Indemnification of Directors and Officers***

Delaware law authorizes corporations to limit or eliminate the personal liability of directors and officers to corporations and their stockholders for monetary damages for breaches of directors’ and officers’ fiduciary duties as directors or officers, as applicable, and our certificate of incorporation includes such an exculpation provision. Our bylaws include provisions that indemnify, to the fullest extent allowable under the DGCL, the personal liability of directors or officers for monetary damages for actions taken as a director or officer of GE HealthCare, or for serving at our request as a director, officer, employee, or agent at another corporation or enterprise, as the case may be. Our bylaws also provide that we must indemnify and advance expenses to our directors, officers, and employees, subject to our receipt of an undertaking from the indemnified party as may be required under the DGCL.

The limitation of liability and indemnification provisions that are included in our certificate of incorporation and bylaws, respectively, may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against our directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, these provisions do not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as an injunction or rescission in the event of a breach of a director’s duty of care. The provisions do not alter the liability of directors under the federal securities laws. In addition, investment in our common stock may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. There is currently no pending material litigation or proceeding against any of our directors, officers, or employees for which indemnification is sought.

### ***Exclusive Forum***

Our certificate of incorporation provides that, unless we consent in writing to the selection of an alternative forum, the Court of Chancery located within the State of Delaware will be the sole and exclusive forum for any derivative action or proceeding brought on our behalf, any action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer, employee, agent, or stockholder to us or our stockholders, any action asserting a claim arising pursuant to the DGCL, the certificate of incorporation, or the bylaws, or any action asserting a claim governed by the internal affairs doctrine. However, if the Court of Chancery within the State of Delaware lacks jurisdiction over such action or proceeding, the action may be brought in another court of the State

---

of Delaware or, if no court of the State of Delaware has jurisdiction, then in the United States District Court for the District of Delaware. Additionally, our certificate of incorporation states that the foregoing provision will not apply to claims arising under the Securities Act, the Exchange Act, or other federal securities laws for which there is exclusive federal or concurrent federal and state jurisdiction. Unless we consent in writing to the selection of an alternative forum, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act. The exclusive forum provisions may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or any of our directors, officers, or stockholders, which may discourage lawsuits with respect to such claims. Our stockholders will not be deemed to have waived our compliance with the federal securities laws and the rules and regulations thereunder as a result of our exclusive forum provisions.

### **Transfer Agent and Registrar**

The transfer agent and registrar for our common stock is Equiniti Trust Company.

### **Listing**

Our common stock is listed on Nasdaq under the symbol "GEHC."

## CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a brief summary of certain U.S. federal income tax consequences applicable to awards granted under the GE HealthCare Mirror LTIPs based on the federal income tax laws in effect on the date of this registration statement. This summary is not intended to be exhaustive and does not address all matters relevant to a particular participant based on their specific circumstances. The summary expressly does not discuss the income tax laws of any state, municipality, or non-U.S. taxing jurisdiction, or the gift, estate, excise (including the rules applicable to deferred compensation under Section 409A of the Internal Revenue Code of 1986 (the “Code”)), or other tax laws other than U.S. federal income tax law. Because individual circumstances may vary, we advise all participants to consult their own tax advisor concerning the tax implications of awards granted under the GE HealthCare Mirror LTIPs.

### Stock Options and SARs

The grant of a stock option or stock appreciation right (“SAR”) generally creates no tax consequences for the participant or GE HealthCare. A participant generally has no taxable income upon exercise of an incentive stock option (“ISO”), except that the alternative minimum tax may apply. Upon exercise of a stock option other than an ISO, a participant generally must recognize ordinary income equal to the fair market value of the shares acquired minus the exercise price. Upon exercise of a SAR, a participant generally must recognize ordinary income equal to the fair market value of the amount received.

When disposing of shares acquired by exercise of an ISO before the end of the applicable ISO holding periods (two years after the date of grant and one year after the exercise of the ISO), the participant generally must recognize ordinary income equal to the lesser of (i) the fair market value of the shares at the date of exercise minus the exercise price or (ii) the amount realized upon the disposition of the shares minus the exercise price. Otherwise, a participant’s disposition of shares acquired upon the exercise of a stock option (including an ISO for which the requisite holding periods are met) generally will result in only capital gain or loss.

### Other Awards

Awards of restricted stock, restricted stock units, performance shares and other stock-based awards under the GE HealthCare Mirror LTIPs generally will result in ordinary income to the participant at the later of the time of delivery of cash, shares, or other awards, or the time that either the risk of forfeiture or restriction on transferability lapses on previously delivered cash, shares or other awards (except to the extent recipients of restricted stock awards elect to be taxed at the time of grant under Section 83(b) of the Code).

### Limitations on Deductibility by GE HealthCare

Section 162(m) of the Code limits the deductibility for federal income tax purposes of certain compensation paid to any “covered employee” in excess of \$1 million. For purposes of Section 162(m) of the Code, the term “covered employee” includes any individual who serves as chief executive officer, chief financial officer or one of the other three most highly compensated executive officers for any calendar year. It is expected that compensation deductions for any covered employee with respect to awards under the GE HealthCare Mirror LTIPs will be subject to the \$1 million annual deduction limitation. GE HealthCare may grant awards under the GE HealthCare Mirror LTIPs or otherwise that are or may become non-deductible when it believes doing so is in the best interests of GE HealthCare and its stockholders.

## PLAN OF DISTRIBUTION

As of January 3, 2023 (the “Distribution Date”), a portion of each outstanding GE restricted stock unit award (including any performance stock unit award) held immediately prior to the Spin-Off by a corporate employee or former employee of GE or one of its subsidiaries who, in either case, was not subject to China State Administration of Foreign Exchange requirements or a resident of Vietnam was converted into a respective restricted stock unit award denominated in shares of our common stock. The registration statement of which this prospectus forms a part covers these awards.

As of the Distribution Date, each outstanding GE stock option and restricted stock unit award (including any performance stock unit award) that was held immediately prior to the Spin-Off by an employee of GE HealthCare or one of its subsidiaries was converted into a respective stock option or restricted stock unit award denominated in shares of our common stock. The registration statement of which this prospectus forms a part does not cover these awards, which were instead registered by the Company on Registration Statements on Form S-8 (Registration Nos. 333-269784 and 333-269047).

Each of our converted awards are generally subject to the same terms, vesting conditions and other restrictions that applied to the original GE award immediately before the Spin-Off, except that performance-vesting conditions, as applicable, were adjusted to reflect the Spin-Off.

**INFORMATION NOT REQUIRED IN PROSPECTUS**

**Item 14. Other Expenses of Issuance and Distribution.**

The following table sets forth the costs and expenses payable by the registrant in connection with the issuance of the securities being registered. All amounts are estimates except the Securities and Exchange Commission registration fee.

Securities and Exchange Commission registration fee	\$ 2,208.68*
Legal fees and expenses	25,000.00
Accounting fees and expenses	100,000.00
Printing expenses	20,000.00
Total	\$147,208.68

\* Pursuant to Rule 415(a)(6) under the Securities Act, the registrant carried forward a registration fee of \$2,208.68 that was previously paid by the registrant relating to certain securities (the “Carry-Forward Securities”) registered under the Registration Statement on Form S-1 (File No. 333-268797), initially filed with the Securities and Exchange Commission on December 14, 2022 and declared effective on January 3, 2023 (the “Prior Registration Statement”).

**Item 15. Indemnification of Directors and Officers.**

Delaware law authorizes corporations to limit or eliminate the personal liability of directors and officers to corporations and their stockholders for monetary damages for breaches of directors’ and officers’ fiduciary duties as directors or officers, as applicable, and our certificate of incorporation includes such an exculpation provision. Our bylaws include provisions that indemnify, to the fullest extent allowable under the Delaware General Corporation Law (“DGCL”), the personal liability of directors or officers for monetary damages for actions taken as a director or officer of the Company, or for serving at our request as a director, officer, employee, or agent at another corporation or enterprise, as the case may be. Our bylaws also provide that we must indemnify and advance expenses to our directors, officers, and employees, subject to our receipt of an undertaking from the indemnified party as may be required under the DGCL.

The limitation of liability and indemnification provisions that are included in our certificate of incorporation and bylaws, respectively, may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against our directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, these provisions do not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as an injunction or rescission in the event of a breach of a director’s duty of care. The provisions do not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. There is currently no pending material litigation or proceeding against any of our directors, officers, or employees for which indemnification is sought.

Reference is made to Item 17 for our undertakings with respect to indemnification for liabilities arising under the Securities Act.

We currently maintain insurance policies which, within the limits and subject to the terms and conditions thereof, covers certain expenses and liabilities that may be incurred by directors and officers in connection with proceedings that may be brought against them as a result of an act or omission committed or suffered while acting as a director or officer of the Company.

## Table of Contents

We have entered into an indemnification agreement with each of our executive officers and directors that provides, in general, that we will indemnify them to the fullest extent permitted by law in connection with their service to us or on our behalf.

**Item 17. Undertakings.**

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of a prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

*Provided, however,* That:

Paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

(5) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(6) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Chicago, State of Illinois, on February 9, 2024.
